

10% Off Summer Price Beat - Terms & Conditions

Our Price Beat Policy ensures that if you discover a competitor's lower price (inclusive of GST and delivery fees) on an identical item that we have in stock, we will surpass their price by 10%. Please note that this guarantee does not extend to custom-made, special-order, or sub-hired items.

- The 10% discount on price beating is valid for comparable rental items exclusively.
- To demonstrate the competitor's ability to supply on the date of your event, a current and valid quote is required. This quote must provide a detailed description of each item you wish to hire.
- The competitor's quote must include all costs, including delivery, setup, dismantling and retrieval of the items.
- For marquees, our price beat is applicable only to authentic, comparable Hocker-style marquees. They must match in size and features and be quoted at the standard rate.
- The quote for comparison should also include any additional charges for weighting the marquee, should this be necessary for the location.
- Travel to the event site should be within a comparable distance. Our standard delivery and collection schedule operates from Monday to Friday.
- This offer is conditional upon item availability.
- To take advantage of this special offer, you must book and pay your deposit by 29th February 2024.
- This promotion is available solely for new bookings.
